

The proper approach and proper content of a Biblically sound gospel proclamation, is in this single verse. It is all we need to know, regarding kingdom growth, since it was from the Holy lips of our blessed Messiah. If and when these truths are followed, there is a clear and concise gospel presentation, the way Yeshua himself has outlined it for us. examine five calls: (within one).

1) The Call To Repentance- Met-an-oy-ah. Similar to the Hebrew word Teshuva. It means to reverse a decision and a direction. Simply asking the unsaved to believe in Yeshua publicly in a half hearted confession is unbiblical and anti-gospel. Every call to the gospel in the bible is preceded by a firm and loving call to repentance. (Mark 1:15, Acts 2:38).

2) The Call To Preach-Kerusso. To herald and publish news on behalf of a king. As we proclaim the gospel, the words that are proclaimed must be divine in origin and eternal in nature. (Matthew 10:14 & 15, Mark 1:14).

3) The Call To All Nations- Eth-nos. All races or tribes that are not born physically Jewish. A gospel proclamation is not inclusive, it is not divine (Romans 2:11, Romans 1:16). It must be specific in scope and inclusive in nature. (Matthew 28:20).

4) The Call To Seek The Children Of Jerusalem- Any plans for world evangelization that specifically leave out the salvation of Jews, is not Biblical and it is not from the Lord. It often takes place and when it does it is properly called "passive anti-semitism". The Jewish people, must be specifically targeted and sought after to be recipients of God's forgiveness. If we do not target the Jews, we will miss them every time. Begin all gospel campaigns by targeting every segment of the Jewish population.

5) The Call To Remission-Af-es-is. Means pardon, forgiveness, liberty and freedom. If the four calls have been executed properly, it will always lead to the desired result, which is the cleansing and washing of a sinner. This washing by Yeshua's blood, is usually accompanied by some kind of immediate or ongoing deliverance. (Hebrews 9:22).

Conclude- Any of these steps done independent of the others, will lead to a failure to reach the whole globe with Yeshua's message, or to cover the globe in an unbiblical way. The gospel becomes another gospel. (Galatians 1:6-8). Partial compliance may result in religious involvement or even a false sense of guilt removal. Only full compliance with the gospel to our generation (Matthew 24:14).
